

New

pARM 8

Industrial Robot PREMO pArm8

APPLICATIONS

This 8kg Payload 6 Axis Industry Robot Arm can be flexibly combined with various equipment to meet the requirements of difficult production processes.

01 FEATURES

- › High speed
- › High precision
- › High stability
- › Strong scalability
- › Small volume.
- › Easy to install
- › The best structural design
- › Stylish and beautiful appearance

02 CHARACTERISTICS

SPECIFICATIONS

Project	Axis	Data
Arm stroke	1-6Axis	710mm
Payload	Max load	8KG
Movement speed	J1 Axis	380°/s
Movement speed	J2 Axis	350°/s
Movement speed	J3 Axis	480°/s
Movement speed	J4 Axis	490°/s
Movement speed	J5 Axis	565°/s
Movement speed	J6 Axis	815°/s
Repeat Positioning Accuracy		±0.02mm
Standard IO Quantity		16DI/16DO(PNP)
Power		7KVA
Arm Protection Level		IP65
Control Cabinet Protection Level		IP20(Optional IP54)
Weight		45KG
